

Tsunami²TM

June '18 Trade-Up Promotion!

Use this summer to upgrade your locomotives. This June we are going to help you get more Tsunami2 Digital Sound Decoders in more of your models!

This promotion is all about the trying something new! If you have a roomful of models with our original Tsunami installed, or have models with (heaven forbid!) something else installed, this is your chance – our June Trade-Up Promotion.

Here's how it works – go to your local SoundTraxx Authorized Retailer and purchase **any** Tsunami2 Digital Sound Decoder – any model, any flavor. Send us your **original** Tsunami2 sales receipt, this form, and your original Tsunami or competitor's comparable DCC Digital Sound Decoder. It must be dated between June 1st and June 30th to qualify. We'll send you a Tsunami2 Digital Sound Decoder back to you – free, except for a \$5 (\$15 outside of the continental U.S.) shipping charge.

Limitations:

- Limit 2 per customer (You must purchase two Tsunami2 decoders and return both original receipts. No photo copy or digital copy of a receipt will be accepted.)
- Free decoders are limited to any Tsunami2 Plug and Play (TSU-PNP), any Tsunami2 21-pin (TSU-21PNEM) and any Tsunami2 HO-universal (TSU-2200).
- *You must indicate the desired board format & 'flavor' or it will be our choice!*
- Your order must be accompanied by a check for \$5/\$15 or a valid credit card number.
- Request and returns must be postmarked by July 20th.
- Please attach a copy of this form for each decoder.

Fill out the back side of this form and return it with your trade-in decoder and original receipt.

Trade-In Details

All trade-in decoders must be in working condition. Trade-in decoders must be high-end NMRA, DCC Sound Decoders. Below is a list of decoders we will and will not accept as a trade-in decoder. If you do not see your decoder on this list feel free to contact us and ask.
